

Panels			
1a Sowa Rigpa Industry	<p>Chair Gauging the Transnational Sowa Rigpa Industry: Patterns, Dynamics, and Modes of Production Globalised Sowa-Rigpa or localised Tibetan Medicine? Practical doings vs. structural settings and legal requirements. Tibetan Medicine Making in Nepal: A Yam Between Two Boulders? Special characteristics of traditional Sowa Rigpa (Tibetan Medicine) pharmaceuticals</p>	<p>Stephan Stephan Kloos (co-author) Herbert Calum Blaikie (co-author) Tsering</p>	<p>Kloos Harilal Madhavan (co-author) Schwabl Sienna Craig (co-author) Tsamchoe</p>
1b East Asian Medical Industries	<p>Chair China's TCM policies and minority medicine: Integrating Qiang medicine in Western Sichuan Discovering New Drugs within Traditional Chinese Medicine: Inside Guangzhou Huahai Pharmaceuticals Co., Ltd The herbal pharmaceutical industry in South Korea Reshaping the Toyama Patent Medicines of Japan From GMP (Good Manufacturing Practices) to GPMSP (Good Post-Marketing Surveillance Practices): How <i>Good Practices</i> (GxP) influence Japan's Kampo Industry</p>	<p>Calum Manuel Liz Eunjeong Tomoko Julia</p>	<p>Blaikie Campinas Chee Ma Futaya Yongue</p>
1c South Asian Medical Industries	<p>Chair Ayurveda Pharmaceutical Industry in a Pluralistic Public Health System - A review of its Commitment and Contributions Ayurvedic medicine: Scientific evidence and ethical considerations Untangling the threads of raw material supply networks for Ayurvedic industry: the complex issue of traceability Industry, Market and Medicine: Unani and Ethico-Cultural Logic of Negotiating Post-colonial Experiences</p>	<p>Harilal Unnikrishnan Bhushan Lucie Neshat Discussant: TBA</p>	<p>Madhavan Payyappallimana Patwardhan Dejouhanet Quaiser</p>
2 Reimagining Unani Medicine	<p>Where in the World is Unani Medicine: Multiple Historiographies Revisited Discussant "When Writers Die they Become Books:" The Afterlife of Najīb al-Dīn al-Samarqandī in India's Yūnānī Tradition In the Meantime: Temporality and the Speaking Subject of Yunani Medicine in Colonial India Living Room Magic: <i>Tibb al-Rukka</i> and the Political Economy of Magico-Medicinal Items in Interwar Egypt From 'Insulting the Religion' to 'Saving the Nation': Modern Chinese Muslims' Rediscovery of Islamic Medicine A Case of Biomedicalization? Unani Medicine in Contemporary India</p>	<p>Shireen Ronit Deborah Sabrina Taylor John Kira</p>	<p>Hamza (Chair) Yoeli-Tlaim Schlein Dato Moore Chen Schmidt Stiedenroth</p>
3 The Import and Influence of Modern Western Medicine in China	<p>Transformation and Response: From Apoplexy to Stroke Unit in China From Family To Society---The Historical Transformation Of Nursing Model For Disabled Elders Shaping the Advancement of Modern Western Medicine in China—A Case Study of Anglo-American Medical Enterprises in China in first half of the 20th century Characteristics of Prevention and Treatment of Obesity by TCM from the Perspective of Chinese and Western Culture Research on Stroke by Traditional Chinese Medicine and Western Medicine: From the Perspective of Naming Process</p>	<p>Cheng Cheng Yuhong Runying Zhifang Li (co-author) (speaker)</p>	<p>Zhen (Chair) Taozhu Jiang Liang Cheng Zhen (co-author)</p>
4 New Approaches to Chinese Medical Literature / Fest-Symposium für Paul Unschuld in the Medizinhistorischen Museum	<p>Chair / Discussant Chair Discussant Keynote The Laoguanshan figurine: weaving a new medicine On the Skin and its Diseases in Early Chinese Medical Manuscripts the medical manuscripts from laoguanshan 老官山 tomb 3, sichuan Untypical Things. Knowledge Transfer between Popular and Scholarly Medicine The liver in medical texts of ancient China and Mesopotamia Study and Comparison of the Word "Boiling" in Prescriptions for Fifty-Two Kinds of Diseases—Discussing concurrently drug-decocting methods in ancient times The healer in the <i>Huangdi Neijing</i> The liver in medical texts of ancient China and Mesopotamia (gemeinsam mit Elisabeth Hsu) The Collection of Premodern Chinese Medical Manuscripts - the Unschuld Collection - of the Staatsbibliothek zu Berlin</p>	<p>Paul Donald Vivienne Paul Vivienne Rudolf Donald Nalini Elisabeth Ruqing Brigitte Ulrike Matthias/Martina</p>	<p>Unschuld Harper Lo Unschuld Lo Pfister Harper Kirk Hsu Zhang Meeüs Steinert Kaun/Siebert/Gumbrecht</p>
5 Health Promotion through Yoga Science – points for guidelines	<p>The science of yoga and guidelines for yoga Yoga in Psychosomatics Yoga Science for the man's health The art of balancing effort with release in yoga: a 'first-person' experiential approach Value of yoga as a preventive measure in workplace scenarios</p>	<p>Reinhard Monika Olena Mieke Laura Maria</p>	<p>Bögle (Chair) Leye (Discussant) Akhramieieva Matthyssen Puerto Valencia</p>
6 Disease, from history to present	<p>Communication between Eastern and Western Medicine and Rewriting of Heart Disease History the history of ENT disease of TCM Understanding the Japanese experience of the Spanish Influenza (1918-1920): what was the flu and how would you have cured it? The Similarities and Differences on the Understanding of Disease between Huangdi's Canon of Medicine and Hippocrates' Works. Development of a pressure ulcer assessment tool based on Thai Traditional Medicine concept: an observational study How modern translations of traditional disease names distort their meanings: the example of <i>jiaoqi</i> Investigation on the Origin of "厥心痛" Diseases in Shanghai in 1870s according to the <i>Customs Gazette</i></p>	<p>Chen Liyun Juhee Haifeng Somtanuek Hilary Wang Na</p>	<p>Xiao (Chair) Chen (Discussant) (Poster) Kang LI Chotchoungchatchai Smith Erliang (Poster) Yan (Poster)</p>
7a Worms, Demons and Gods: Disorder and Health Within the Body	<p>Chair From hungry <i>piśāca</i> to protector of children. The myth of Ghaṇṭākarna and his worship in Bengal. Śiva's Fever Fantastic Buddhist Worms</p>	<p>Elizabeth Fabrizio Gudrun Robert</p>	<p>Kenney Ferrari Buhemann Kritzer</p>

	"I used to believe, but I was westernised by coming to India!": Diagnosis and treatment of spirit-caused illness in a contemporary Tibetan exile community	Susannah	Deane
7b Worms, Demons and Gods: Disorder and Health Within the Body	Chair Worms and Body Gods in Early Daoism: Metaphors for Morality Corpse-Worms, Human-Spirits, and the Courtier Body in Kamakura Japan Weird Worms and Odd Gods: Two Japanese Medical Manuscripts "Chasing <i>the Worms of the Five Viscera</i> from an undated Nichibunken manuscript" Anna Andreeva (Ruhr-Universität-Bochum/Heidelberg)	Robert Shawn Andrew Elizabeth Anna	Kritzer Arthur Macomber Kenney Andreeva
8 Politically, Correct: Determining Scientific Truth and Legitimacy	Line Over Matter: Body Mapping and Articulating Medical Theory What's Mao Got to Do With It? Dramatic Representations of Medicine in Cold War China When Pharmaceuticals Become Sacrosanct: Redefining Fauna in Japan's Modern Nation-Building The Terrestrial-Celestial Axis: Mapping Environmental Change and Purity Along the River Ganga Water, Environment and Medicine: Springs in Late Imperial Southwest China Creases on an Old Man's Finger: Tradition and Transformation in the Writings of Khyenrap Norbu Acupuncture in contemporary Taiwan: the loss of the skill	Lan Nicole Elizabeth Lisa Anthony Fei William Pascale	Li (Chair) Barnes (Co-Chair) Yoshikawa Acciavatti Huang McGrath Schmied
9a Ways of Knowing and Styles of Practice in East Asian Medicines, 1000 to the Present	Chair Problematics, conjunctures, styles: re-thinking the history of East Asian medicine over the longue durée "Suturing cuts and generating flesh: Manual and pharmacological approaches to wound treatment in China from the 7 th to 19 th centuries" When medical practice crosses borders: A Vietnamese perspective from the eighteenth century Styles of Knowing and Practice in Cold Damage: Disease, Body, Text and Agent in Korean Medicine	Kiebok Volker Yi-Li Leslie Kiebok	Yi Scheid Wu De Vries Yi
9b Ways of Knowing and Styles of Practice in East Asian Medicines, 1000 to the Present	Chair Development and Standardization of Pharmacological Knowledge in Tibetan Medicine Materia Medica of Taibai Mountain: Surveys by Scientists, Daoists, and 'Unofficial Physicians' The Social Materiality of Drugs: Formulation Regimes, Therapeutic Networks and Styles of Practice in Transnational Tibetan Medicine Elucidating an emergent interface between Chinese medicine and systems biology: a multi-sited ethnography	Olaf Olaf Lena Mona Sabine	Czaja Czaja Springer Schrempf Glatz
10 Methods and Theory in the Anthropology of Healing in South Asia	Studying embodied marginality and its health effects: Dalit wellbeing in the Garhwal Himalayas Generating Theory in Ethnographies of Healing	Karin Anthony	Polit (Chair) Cerulli
11a Methods and Theory in the Anthropology of Healing in South Asia: Potent Substances and Sowa Rigpa	The Potency of Preciousness: Gems as Potent Substances in Tibetan Pharmacopoeia Discussant: <i>nus pa brgyad</i> - The eight potencies of Tibetan medicine Substitution practices in Tibetan medicine: a challenge to the modern notion of 'active substance' Garuda-5 (<i>khyung-nga</i>): The poison-medicine spectrum of Sowa Rigpa's renowned 'black aconite' formula	Barbara Vivienne Florian Herbert Jan	Gerke (Chair) Lo Ploberger Schwabl van der Valk
11b Methods and Theory in the Anthropology of Healing in South Asia: Potency across Asia	Potent panaceas: Tracing the development from herbal-based medicine to iatrochemistry in Ayurveda Gold Ash: the therapeutic and political power of Burmese alchemical medicine Potency by name? Medicine Buddha Plant and other herbal <i>materia medica</i> in the Japanese "Scroll of Equine Medicine" (<i>Ba'i sōshi emaki</i> , 1267) Potency of the antimalarial drug qinghaosu (artemisinin)	Dagmar Céline Katja Anthony	Wujastyk Coderey Triplett Butler
12 Circulations and hegemonies: The Globalization of Asian Medicines	Creating Herbal Paths on Bio-pharmaceutical Platforms: Pushing Asian Medicines into the Circulation of Global Pharmaceuticals From integration to reformulation? WHO, the Indian state and the alternative modernization of Ayurvedic remedies A very kind hegemony: Circulation of Chinese Medicine in a globalized world Complexities in Market Construction: Trading Ayurvedic Pharmaceuticals in Changing Regulatory Contexts <i>Worlding</i> Thai Traditional Medicine - Rethinking Power Relations in Medical Knowledge Production from within the Class Room	Wen-Hua Jean-Paul Simeng Harilal Iris	Kuo (Chair) Gaudilliere (Co-Chair) WANG Madhavan Dzudzek
13 Historical Encounters and Transformations of Medical Matters and Medical Meanings	Chair FROM FAMINE RELIEF TO MAGICAL MEDICINE: THE ASSIMILATION OF OPIUM POPPY IN CHINESE MEDICINE DURING SONG DYNASTY CHINA (960-1279) <i>Danggui</i> -from Pain Killer to Women's Essential The Court Pharmacy at Wolfenbüttel in 16th and 17th Century: Use and Origin of Selected Drugs Colonialisms of Categories – Trajectories of Arsenic and Antimony between "modern" and "premodern" medicines in British India (1858 -1947) Mineral Drugs in Eastern and Western Medicine: A Comparative Perspective from the History of Pharmacy Yoshio Kogyu and the Dissemination of van Swieten's Clinical Praxis in late 18th Century Tokugawa Japan.	Michael Jose Antonio Jender Bettina Dominik Anette Bruno	Shi-Yun Liu Canton Alvarez LEE Wahrig Merdes Marquardt Christiaens
14 Quality of Practitioners and Prescriptions and the relevance to clinical studies	Value chains of Rhodiola species: Hong jing tian 'The quest for better medicines – Quality assurance in the context of modernizing traditional medicines'	Anthony Michael	Booker (Chair) Heinrich

	DNA authentication of tulsi (<i>Ocimum tenuiflorum</i> L.) plants kept by diasporic South Asian communities in the UK	Sukvinder	Bhamra
	The quality of herbal medicines across borders - The example of Taiwan's Danshen value chains	Ka Yui	Kum
15 Considering Boundaries of Animal Medicine in East Asia within the context of Translation	Translation matters in history of Qing equine medicine	Sare	Aricanli (Chair)
	Translating Animal Waste in Late Imperial Chinese Medicine	Sijia	Cheng
	Translating animal medicine into encyclopedias of daily use	Martina	Siebert
	Deer Velvet in Taiwanese History: Knowledge, Trade, and Consumption, 1895-1995	Lin-yi	Tseng
	In Search of Longevity: The Use of Turtle Shells in Medical and Commercial Cultures in Taiwan From 1950 to the Present	Chung-Hao	Kuo
	Spinning silk into sutures: The decline of Japanese raw silk exports and the development of silk as a biomedical material in the twentieth century	Lisa	Onaga
16 Subaltern Therapeutics and Reasons of State	Things that Science Cannot Explain: Local Medicines in Southwestern China	Judith	Farquhar (Chair)
	Risky business: Vernacular therapies and state regulation in India	Helen	Lambert
	States of Measure: Chemical Quantification, Subaltern Materialities and the Chemopolitics of Empire in Late Victorian India	Projit	Mukharji
	"For Emergencies you need Western Medicine": Subaltern Surgeries and State Tibetan Medicine in China	Todd	Marek
	Contingent Efficacies: Therapeutic Multiculturalism and Tibetan Medicine in Southeastern Siberia	Tatiana	Chudakova
	Question and Answer Session		
17a Visual Perspectives on Asian Medicines	Chair	Lucia	Candelise
	From Home to Hospital: Illness and Therapeutic Recourse in an Urbanizing Village of Nepal	Bamdev	Subedi
	Role of Traditional Bone-Setters in Health Care Provisioning in India: A Case Study among the Meetei Bone-Setters in Manipur, Thoubal District	ASEM TOMBA	MEETEI
	Patients' Bodies in Acupuncture. Doctor-Patient Relationships in Visual Anthropology	Lucia Candelise, Gilles Remillet, Matthias Sohr (co-authors)	
17b The Institutionalization of Asian Medicines in Europe: Practitioners' Trajectories in Context	Chair / Discussant	Gilles	Remillet
	Co-Chair	Mark	Langweiler
	How the barefoot doctor came to the West: The practitioners without a voice and the trajectory of ideology	Sascha	Klotzbücher
	Chinese medicine practitioners in Switzerland: what is at stake with the federal diploma?	Pascale	Schmied
	Institutionalization of Acupuncture and Other Chinese Medical Practices in Switzerland	Lucia Candelise, Gilles Remillet, Matthias Sohr (co-authors)	
	"Between therapy and wellbeing: the development of Ayurveda in Switzerland"	Aline Nina	Sigrist Zhao-Seiler
	Chinese Medicine-commercial & scientific interests versus survival of traditional practice		
	Exploring the Institutionalization of Ayurveda through students' experiences	Alzbeta	Wolfova
18 Institutional Encounters: Post-colonial Predicaments for Traditional Asian Medicine	Orientalizing the Body: The Making of the Functional Body of Chinese Medicine	Eric I.	Karchmer (Chair)
	Discussant:	Judith	Farquhar
	Subaltern Standardization: A case from the process of institutionalizing Zhuang medicine in China	Lili	Lai
	Encounters with <i>Du</i> (toxic effect): Markets, Institutions, and TCM Practices	Yanhua	Zhang
19a Drugs, Fluids and Other Matters: Medical History through the Lense of Things - Drugs: Trade, Transmission, Translation, and Authority	Chair	Lena	Springer
	Border-Crossing and Medicine: The Curious History of Saffron in Japan	Susan	Burns
	"Gathering Medicine in the Mountains": Networks of Commerce and Expertise for the Collection and Distribution of Herbal Drugs in Early Modern Japan	Daniel	Trambaiolo
	Eating Exotica: Consumption in Qing Pharmacy and Dietetic Literature	He	Bian
	Why Treat Heat with Heat: Local Availability and the Choice of Preferred Medicines in the Far South of Song China (960-1279)	Yun-Ju	Chen
19b Drugs, Fluids and Other Matters: Medical History through the Lense of Things - Classification, Procurement, and Preparation: Traditional Materia Medica in the Contemporary world	Chair	He	Bian
	Properties in Chinese Drug Transformation, or Mistaking Matter for Dead Material	Lena	Springer
	Tibetan pharmacodynamics and compounded humoral pathologies	Katharina	Sabernig
	Evidence and Authority in the Marketing and Use of a Chinese Herb: Danggui (<i>Radix Angelicae sinensis</i>).	Bridie	Andrews
	Fresh qinghao juice – what's in the freshness?	Elisabeth	Hsu
19c Drugs, Fluids and Other Matters: Medical History through the Lense of Things - Drugs and the Body: Evacuation, Transformation, and Purification	Chair	Natalie	Köhle
	<i>The charts depicting the circulation of the qi and their use during the Tokugawa period</i>	Mathias	Vigouroux
	Evacuant Matters: The Materiality of Milk, Menses, and Medicines in Eighteenth-Century Europe	Ruben	Verwaal
	Fluid Bodies: Leeches in Classical Āyurvedic Medical Compendia and Practice	Lisa	Brooks
19d Drugs, Fluids and Other Matters: Medical History through the Lense of Things - Fluids and the Body: Containment, Emission, and Flow	Chair	TBD	
	It's Okay to Cry: Zhu Xi on Sorrow and Tears	Leah	Zuo
	What is " <i>vimāna</i> " in the <i>Compendium of Caraka</i> ?	Dominik	Wujastyk
	How the Medical Category of 'Brown Phlegm' Came to Tibet?	Henk	Blezer
	Fire, Pores, and Phlegm: Changing Conceptions of Matter in Song China	Natalie	Köhle
19 Panels Discussion Session	Chair	Shigehisa	Kuriyama

20 Jesuit colonial medicine in South America: a multidisciplinary and comparative approach	Jesuit medicine in colonial South America The encounter of Jesuit medicine and traditional indigenous medicine in South America in the 17th and 18th century. Interaction or conflict? Rediscovered manuscripts about colonial medicine in the La Plata-Region Maquimanaukotos - Medicine for the body - medicine for the soul Linguistic Contributions on Research about Colonial Medicine	Franz Sabine Franz Sieglinde Leonardo	Obermeier (Chair) Lenke-von Heidenfeld Obermeier Falkinger Cerno
21 Medicine of Becoming: Translation between Knowing and Being in East Asian Medicine	Becoming a Practitioner Imbued with Virtuosity in East Asian Medicine: An Anthropological Study on Currents of Tradition (學派) in Korean Medicine in Contemporary South Korea Genre for the "Medicine of becoming"-the "Yi'an(醫案)" Becoming a Practitioner of Sasang Constitutional Medicine in South Korea Patient-Centered Pulse Diagnosis and Disease Concepts of a <i>Donguibogam</i> (Treasured Mirror of Eastern Medicine) School in Contemporary South Korea Confucianism and Healing in Korea 1910-1945	Taewoo Minseok Hyunkoo Taehyung James	Kim (Chair) Ku Kim Lee Flowers
22 Health Promotion through Ayurveda	Chair: Sowa Rigpa Responses to the 2015 Earthquakes in Nepal Mobile Medicine: Sowa Rigpa on the Trail in Mustang and Dolpo Influence of Buddhism in the Development of Asian Healing Traditions w.s.r. to Ayurveda	Narendra Tenjing Lhundrup Gyatso AKHILESH KUMAR	Bhatt Bista Bista SINGH
23 Encounters, Receptions, Transformations of Asian medicine in Western medical and academic contexts	Encounters of complementary medical traditions in a modern Asian multi-ethnic society Predicaments for Traditional Chinese Medicine in the UK (a case analysis) Either Images or Texts: A Comparative Study on “ strange pulses” in TCM translation in early modern Europe The Influence of Traditional Chinese Medicine on the Perception and Treatment of Cancer Among Chinese It's about time for Organic Medicine Common ways, different goals: situated East-Asian and scientific conceptualizations of mindfulness meditation	Constantin Xuanxuan Chun-Ping Hong Omboon Zsofia	Canavas (Chair) Yan YEN Li Vallisuta Samodai
24 Policy, Economics, Global Health, Development	Chair: Drink and smoke; drink or smoke? - The interdependence between alcohol and cigarette consumption for men in China Improving Nutritional Vulnerability of Adolescent Girls through Effective Health Management Negotiating success in Ayurvedic clinical practice and research: the case of the Foundation for the Revitalization of Local Health Traditions (FRLHT) The Divine Science of Detoxification: Nature Cure (Prakriti Chikitsa) therapy as ethical counterpoint to ecological decay in post-Development Kerala, south India The deep meaning of medical discourse turning: from medical tourism to cross-border reproductive care	Bente Bente Kapil Maarten Victoria Chia-Ting	Castro Campos Castro Campos Jain Bode Sheldon Sun (Poster)
25 Translation of Asian medicine into English and other languages	Chair LOST, AND FOUND IN TRANSLATION: NOTES ON THE ORIGIN NARRATIVE OF THE HEBREW BOOK OF ASAF Teaching Tibetan medicine in Germany – 25 Years Experience REFLECTIONS ON THE TERMINOLOGY OF CHINESE MEDICINE IN SPANISH LANGUAGE	Ronit Ronit Sonja Maria Antonia	Yoeli-Tlalim Yoeli-Tlalim Maric SOLA-RODRIGUEZ (Poster)
26 Chinese, Manchu and Tibetan Medical History	Chair Practical Guides for Psychotherapy and Self-Cultivation in China, 1880-1920 Smallpox Against Itself: Exploring The Origin Of Inoculation In Tibet Translated Materiality: Writing History of Pharmaceuticals in Republican China Tibetan tantric healing of life-wind illness in facing biomodernity Chinese Medicine as Hermeneutic Knowledge? On the Role of Classical Works such as Huangdi neijing suwen 黃帝內經素問 (Yellow Emperor's Inner Class: Basic Questions) in Chinese Medicine Deities and The Sick body: The Disease and Treatment in the Manchu Ulabun Perception And Understanding of “Huangdi Neijing” (黃帝內經), an Ancient Chinese Medicine -Integration of the Natural Philosophy of Seasonal Change And Modern Style For Health Care	Hsiu-Fen Hsiu-Fen Lobsang Hao Tony Ka Ying Shih-Hsun Hanzhen	CHEN CHEN Yongdan Chen Chui Tsang Liu Liu
27 Japanese and Korean Medical History	Chair Receptions and Transformations of Chinese medicine in Japanese medical contexts in the Edo era, Japan Ōgai Mori(1862–1922)'s conversion from modern hygienic to Kanpō, Japanese traditional medicine in his last years Changing the names of era due to plagues and actual medical treatments in the medieval Japan The Euibangyoochi (醫方類聚) and its Influence on Korean Medical Education A Study on the Clinical Cases Records by Cheonggang Kim Yeong-hun(晴崗 金永勳) Focusing on Prescription Names of Cold(感冒) The study on the Euibangyoochi's (醫方類聚) All Deficiency section (諸虛門) Gate of Cold Damage (傷寒門) in 『"Eui-Bang-Yoo-Chui"』 (醫方類聚)	Marta Takanori Iori Naoko Namil Dong-Ryul JiHun Jung Ouk	Hanson Matsuoka TADA Shimayama Kim Kim Jung Byun

		Jaehyun Kim	Yeonseok Kang
	Preface of Compendium of People-Saving Prescriptions Made with Native Korean Herbs		
	The Challenge of Education of traditional Korean Medicine: The Settlement of Evaluation and Accreditation	Yeonseok	Kang

28 Chinese Medicine, Emotion, and Disease in Past and Present

Chair		TJ	Hinrichs
	Huangdi asks, "What is shen 神?" – An examination of contemporary practice of TCM.	Andrew	Koh
	Poetic Aging. Medical and Non-medical Strategies from premodern China	Gudula	Linck
	Understanding the relationship of mind and body in East Asian medicine	Yeseul	Lee
	Ritual specialists and aetiology: divining the cause of illness among the Naxi people in Yunnan (P.R.C.)	Cristiana	Turini
	The Sad Sex: Pathologization of Female Desires and Emotions in the 7th Century China	Dawei	Pan

29 Planetary Health Ocean Health and Marine Medicine: Survey for Marine Substances

Chair		Ralph	Schneider
	Introductory talk about the engagement of Future Ocean and KMS in Ocean Health (R. Schneider, Kiel Marine Science, CAU)	Ralph	Schneider
	Disturbing bacterial small talk: Novel strategies for biofilm inhibition (Ruth Schmitz-Streit, Microbiology, Kiel University)	Ruth	Schmitz-Streit
	Lessons from genomics and transcriptomics of marine fungi (Frank Kempken, Botanical Genetics and Molecular Biology, Kiel University)	Frank	Kempken
	Marine metagenomes a potent source for novel transferases and hydrolases needed for the production of proactive molecules (Wolfgang Streit, Microbiology and Biotechnology, Hamburg University)	Wolfgang	Streit
	From sea-bed to bed-side: Marine organisms and microbes as source of marine medicines and functional ingredients (Deniz Tasdemir, Marine Natural Product Chemistry and GEOMAR Centre for Marine Biotechnology, GEOMAR Helmholtz Centre for Ocean Research Kiel)	Deniz	Tasdemir
	6. Application potential of new compounds form marine microorganisms (Jutta Wiese, Marine Microbiology, GEOMAR)	Jutta	Wiese
	Open Podium discussion: Participants: Session speakers, and furthers Guests from Kiel Marine Sciences and Kiel Life Sciences		

Keynote

Planetary habitability near and far		Wolfgang J.	Duschl
		Edmund	Maser
		Konrad	Ott

Panel 30 Western countries adopt Qigong as a sub discipline of Traditional Chinese Medicine

		Johann Bölts	Wilfried Belschner
--	--	--------------	--------------------

Poster Q&A Sessions August 8, 9, 10: The posters can be viewed in the Audimax, 3rd floor, during the whole congress

Effects of Davallia formosana Hayata extracts on the proliferation and differentiation of osteoblastic MC3T3-E1 cells	Jia Feng	Wu
The deep meaning of medical discourse turning: from medical tourism to cross-border reproductive care	Chia-Ting	SUN
Protective effects of corn silk in male C57 mice	Mohammad	Karami
ANTI-HYPERGLYCEMIC EFFECT OF COMBINED <i>EUPHORBIA THYMIFOLIA L.</i> AND OTHER HERBS IN MOUSE MODEL	Hien	Nguyen
the history of ENT disease of TCM	Liyun	Chen
Diseases in Shanghai in 1870s according to the <i>Customs Gazette</i>	Na	Yan
Investigation on the Origin of "厥心痛"	Wang	Erliang
Shiatsu For Acute and Chronic Pain	Wilfried	Rappenecker
Tinnitus- Ursachen und Behandlungsansätze	Meike	Kockrick
REFLECTIONS ON THE TERMINOLOGY OF CHINESE MEDICINE IN SPANISH LANGUAGE	Maria Antonia	SOLA-RODRIGUEZ

Clinical Modules

Clinical Module 1 Ayurveda as a blueprint — what happens when healing tradition travels abroad

Chair		Shivenarain N	Gupta
	Comparative effectiveness of Ayurveda and conventional care in knee osteoarthritis - a randomized controlled trial (Christian S. Kessler, Kartar Dhiman, Abhimanyu Kumar, Thomas Ostermann, Shivenarain Gupta, Antonio Morandi, Martin Mittwede, Elmar Stapelfeldt, Michaela Spoo, Katja Icke, Andreas Michalsen, Claudia Witt)	Elmar	Stapelfeldt (in Vertretung für)
	Ayurveda in the Context of Western traditional Medicine	Martin	Mittwede
	Codification of traditional knowledge: What are the challenges for policymaking in India?	DEEPA	V K
	West meets East Differences in general attitudes between European and Indian Ayurveda-patients	Shivenarain N	Gupta

Clinical Module 2 Elderly: the challenge for surveillance through transformation

The Beauty and ugliness of Elderly		Meenakshi	Mathur (Chair)
Mini Nutritional Assessment and Health status among elderly rural population of Jodhpur, a desert district of Rajasthan, and their association with dietary intakes.		Madhu B.	Singh (Discussant)
SPRITUALITY AND ELDER PEOPLE IN INDIA	Jyoti	Meena	
UNHEALTHY TO HEALTHY LIFE STYLE THROUGH NUTRITIONAL AND LIFESTYLE MANAGEMENT	Arti	Soni	
EDUCATIONAL INTERVENTION			
Nutritional intervention for elderly population	Sumita	Mathur	
Ageing in China: a Brief Report and Discussion in Geriatric Health Care (Video Presentation)	Jing	Liu	
Mutual support for elderly persons as community care in empty nest villages: A case study of "Liu Lao Hui" in East Zhejiang, China	Ruolin	Cui	
A Study on the Problem of Aging of Chinese Scientists: with a Case Study on Retired Scientists in a University in Anhui Province in China	Zhihui Zhang	Zheyi Chen	
Problems faced by attendants of elderly patients	Meha	Mathur	

	Boom of Information Technology - A challenge for elderly MENTAL STATUS OF ELDERLY MEN AND WOMEN POPULATION OF JODHPUR, INDIA	Neha Aarti	Mathur Raizada
Clinical Module 3 Treating NCD's: Science-Policy Interface for Transformation of Asian Medicine: An insight into Ayurveda Combating Lifestyle diseases for Promotion of Global Health	Holistic Health through Ethno-medical wisdom and Medicinal Plant diversity: Geography, Medical Tourism Vis a Vis Economic Opportunity by First Author: Nitu*, Rekha Kumari* and Second Author: Narayn Swamiji **	Nitu	Goswami (Chair)
	Discussant: Co-Chair Revealing and authenticating the Ayurvedic drug(s) viz pharmacogenomics Holistic approach of ayurveda as a means to treat diabetes Policy intervention for prevention of geriatric disease and promotion of health through POTENTIAL RASAYANA TANTRA The Convergence of Conventional, Complementary and Alternative Healing Systems: Integrated Model of Healing	Rekha R.B. Monjoy Natasha Abdul AKHILESH	Kumari Singh Choudhury (Co-Chair) Yadav Khader SINGH (Discussant)
Clinical Module 4 From ethnopharmacology to biodiscovery	Dual Anthelmintic Activity of the Bhutanese medicinal plants Traditional Asian herbal formulas in the European context: from medical tradition to modern preparations Scientific evaluation of selected ethnopharmacologically important medicinal plants of India Induction of selective cytotoxicity and apoptosis in D24 human melanoma cells by the crude methanolic extract of <i>Clinacanthus nutans</i> leaves The processing of Chinese herbs by rule/law : The co-production of practice, knowledge and regulation in the processing of Chinese herbs in Taiwan. ANTI-HYPERGLYCEMIC EFFECT OF COMBINED <i>EUPHORBIA THYMIFOLIA L.</i> AND OTHER HERBS IN MOUSE MODEL	Phurpa Cecile MALA Siat Yee Po-Hsun Hien	Wangchuk (Chair) Vennos (Co-Chair) AGARWAL Fong Chen Nguyen (Poster)
Clinical Module 5 Research on Noncommunicable Diseases	Chair From TAM to evidenced-based medicine to treat diabetes related disorders APPLIED USES OF RISHYAGANDHA FRUIT (WITHANIA COAGULANS DUAL) IN PANCHAKRMA AS WELL AS IN ORAL MEDICINE TO TREAT TYPE 2 DIABETES Diabetic Treatment at Suraphan Clinic of Thai Traditional Medicine Leaves and aerial roots of <i>Heritiera fomes</i> can be a promising source of folk medicine against diabetes AYURVEDA AND LIFE STYLE DISORDERS Noval method of extraction of highly bioavailable gallate catechins from fresh green tea leaves Tuberculosis and Indian Tribal Groups: Traditional Beliefs and its herbal remedies Traditional medicinal plants and its therapeutic uses in Northeast India: constraint and potential Protective effects of corn silk in male C57 mice Non healing venous ulcer management with science based evidence based Ayurveda. Effective use of ayurveda therapy in management of psoriasis.	Michael Edmund Sachin Dr. Thadchawan Sukalyan Sameer Muhammad Nasir Gopal Kumar Niroula Mohammad Karpe Aditya	Stanley-Baker Maser Patil Sirithamwanich Kundu Joshi S. Prem Mathi Maran Ahmad Chhetry Karami (Poster) Prathamesh Barve
Clinical Module 6 The advanced practices of traditional Chinese medicine in Taiwan	THE ADVANTAGES OF LASER ACUPUNCTURE IN OBESITY THERAPY Traditional Chinese Medicine for Children in Taiwan The Vietnamese traditional medicine from a Western perspective Anti-oxidative effects of <i>Salvia miltiorrhiza</i> Bunge in cancer Traditional Chinese Medicine for Patients with Stroke in Taiwan Distal acupoints and Oral Low Level Laser therapy (LLLT) adjunct to conventional therapy in patients with chronic periodontitis Acupuncture for Disorders of Consciousness	Wen-Long Hung-Rong Domenico Yu-Chiang Mao-Feng Sheng-Feng Wen-Long	Hu (Chair) Yen (Co-Chair) Delfino (Co-Chair) Hung Sun Hsu Hu
Clinical Module 7 Tongue Diagnosis: Lecture	Tongue Diagnosis: From historical records to important future prospects	Rong	Liang
Clinical Module 8 Pain in old age – Drugs, care, touch	Chair Discussant: Pain in the frail elderly: pharmacological and non-pharmacological approaches The Therapeutic role of acupuncture in the frail and end of life How to Select Acupuncture Point for Pain Control, Based on Huangdineijing Lingshu	Jens Judith Jens Foell Carolyn Jichung	Foell Farquhar Aglaja Dar Rubens Song
Clinical Module 9 Mental Health / Neurology / Parkinson: Treating Parkinson, Treating Emotion Related Disorder	Chair Discussant Practical study on the effectiveness of acupuncture via stimulation of dopamine and dopamine agonists for the enhancement of activities of Parkinson patients in daily life Combined Therapies in Movement and Mental Disorders - from lesioning to medication to surgical stimulation ACUPUNCTURE TREATMENT OF ANXIETY A practitioner clinical experience Trauma in Chinese Medicine and Neuroscience: Analogies and practical experiences Bringing acupuncture into laboratories: A case study on neurochemical research of acupuncture anesthesia Is Spiritual attitude associated with Mental Health? Spiritual acupuncture Documentation	Angelika Simeng Dorothea H. Maximilian Cinzia Michael Wenbo Puneet Gabriel Sohr / Remillet / Candelise/Simeng Wang	Messner Wenig Zeise-Süss Mehdorn Scorzon Huber LIANG Misra Stux
Workshops			
WS 1 Problems in editing medical manuscripts in indigenous languages: a workshop		Franz	Obermeier

WS 2 ZiranGong, the practice of spontaneous movement for strength and balance of physical and emotional body		Christina	Winkler
WS 3 (Clinical Module 2: Tongue Diagnosis) Tongue Diagnosis: From historical records to important future prospects		Rong	Liang
WS 4 (Clinical Module 8) Workshop LLLT and Laseracupuncture in neuromuscular pain		Michael	Weber
WS 5 Do we have to watch treatment effects ultimately during or by the end of healing sessions? - How to compare watching the healing process that shows up in everyday life?		Kigen Helmut	Bräuer
WS 6 Digital Workshop on Tracking Drugs across Texts, Time and Space (3 hours)	Active participants will be limited to 20 people. More may attend, but cannot be guaranteed personal attention during the technical training. Pre-registration is required. Please email Dr. Stanley-Baker at msbaker@mpiwg-berlin.mpg.de.	Michael	Stanley-Baker
WS 7 Immediate pain relief by acupuncture. A systematic selection of points on distant acupoints can instantly improve localized pain		Sven	Schröder
WS 8 Onkologie und chinesische Medizin: Unterstützung von Krebspatienten während Chemo und Radiatio		Simon	Becker
WS 9 Creating a digital knowledgebase of Himalayan Materia Medica	<p>Some Thoughts on Creating a Digital Knowledge Base of Himalayan Materia Medica</p> <p>Traditional Knowledge Databases - Developments, Perspectives and Challenges Significance of Trans-Himalayan Medicinal Plants in Sowa-Rigpa Materia Medica A Preliminary Database of Medicinal Plants of Mustang, Nepal Database of Useful and Medicinal Plant Species in Nepal Digitization and State of the Traditional Medicine System in Bhutan Himalayan pharmacopeia digital platform: Linking ethnopharmacological uses and scientific findings of Himalayan medicinal plants Materia medica database projects in modern China: Digital, textual, taxonomical</p> <p>A Tibetan Medical Formula Database and Initial Data Mining of Formulas Described Effective in the Treatment of Heart Diseases Knowledge Sharing for Whom?
