

Panels			
1a Sowa Rigpa Industry	<p>Chair</p> <p>Gauging the Transnational Sowa Rigpa Industry: Patterns, Dynamics, and Modes of Production Globalised Sowa-Rigpa or localised Tibetan Medicine? Practical doings vs. structural settings and legal requirements. Tibetan Medicine Making in Nepal: A Yam Between Two Boulders? Special characteristics of traditional Sowa Rigpa (Tibetan Medicine) pharmaceuticals</p>	<p>Stephan Stephan Kloos (co-author) Herbert Calum Blaikie (co-author) Tsering</p>	<p>Kloos Harilal Madhavan (co-author) Schwabl Sienna Craig (co-author) Tsamchoe</p>
1b East Asian Medical Industries	<p>Chair</p> <p>China's TCM policies and minority medicine: Integrating Qiang medicine in Western Sichuan Discovering New Drugs within Traditional Chinese Medicine: Inside Guangzhou Huahai Pharmaceuticals Co., Ltd The herbal pharmaceutical industry in South Korea Reshaping the Toyama Patent Medicines of Japan From GMP (Good Manufacturing Practices) to GPMPSP (Good Post-Marketing Surveillance Practices): How <i>Good Practices</i> (GxP) influence Japan's Kampo Industry</p>	<p>Calum Manuel Liz Eunjeong Tomoko Julia</p>	<p>Blaikie Campinas Chee Ma Futaya Yongue</p>
1c South Asian Medical Industries	<p>Chair</p> <p>Ayurveda Pharmaceutical Industry in a Pluralistic Public Health System - A review of its Commitment and Contributions Ayurvedic medicine: Scientific evidence and ethical considerations Untangling the threads of raw material supply networks for Ayurvedic industry: the complex issue of traceability Industry, Market and Medicine: Unani and Ethico-Cultural Logic of Negotiating Post-colonial Experiences</p>	<p>Harilal Unnikrishnan Bhushan Lucie Neshat Discussant: TBA</p>	<p>Madhavan Payyappallimana Patwardhan Dejouhanet Quaiser</p>
2 Reimagining Unani Medicine	<p>Where in the World is Unani Medicine: Multiple Historiographies Revisited</p> <p>Discussant "When Writers Die they Become Books:" The Afterlife of Najib al-Din al-Samarqandi in India's Yūnāni Tradition In the Meantime: Temporality and the Speaking Subject of Unani Medicine in Colonial India Living Room Magic: <i>Tibb al-Rukka</i> and the Political Economy of Magico-Medicinal Items in Interwar Egypt From "Insulting the Religion" to "Saving the Nation": Modern Chinese Muslims' Rediscovery of Islamic Medicine A Case of Biomedicalization? Unani Medicine in Contemporary India</p>	<p>Shireen Ronit Deborah Sabrina Taylor John Kira</p>	<p>Hamza (Chair) Yoeli-Tlalim Schlein Dattoo Moore Chen Schmidt Stiedenroth</p>
3 The Import and Influence of Modern Western Medicine in China	<p>Transformation and Response: From Apoplexy to Stroke Unit in China</p> <p>From Family To Society—The Historical Transformation Of Nursing Model For Disabled Elders Shaping the Advancement of Modern Western Medicine in China—A Case Study of Anglo-American Medical Enterprises in China in first half of the 20th century Characteristics of Prevention and Treatment of Obesity by TCM from the Perspective of Chinese and Western Culture Research on Stroke by Traditional Chinese Medicine and Western Medicine: From the Perspective of Naming Process</p>	<p>Cheng Cheng Yuhong Runying Zhifang Li (co-author) (speaker)</p>	<p>Zhen (Chair) Taozhu Jiang Liang Cheng Zhen (co-author)</p>
4 New Approaches to Chinese Medical Literature / Symposium in the Medizinhistorischen Museum	<p>Chair / Discussant</p> <p>The Laoguanshan figurine: weaving a new medicine On the Skin and its Diseases in Early Chinese Medical Manuscripts the medical manuscripts from laoguanshan 老官山 tomb 3, sichuan Untypical Things. Knowledge Transfer between Popular and Scholarly Medicine</p> <p>Chair Discussant The liver in medical texts of ancient China and Mesopotamia Study and Comparison of the Word "Boiling" in Prescriptions for Fifty-Two Kinds of Diseases—Discussing concurrently drug-decocting methods in ancient times Influence from Linguistic Time-Dependent Character on Understanding and Practice of Acupuncture The healer in the <i>Huangdi Neijing</i> The liver in medical texts of ancient China and Mesopotamia (gemeinsam mit Elisabeth Hsu) The Collection of Premodern Chinese Medical Manuscripts - the Unschuld Collection - of the Staatsbibliothek zu Berlin Three Sopes of Regulating Qi by Acupuncture in the Yellow Emperor's Inner Canon</p>	<p>Paul Vivienne Rudolf Donald Nalini Donald Vivienne Elisabeth Ruqing Jingsheng Brigitte Ulrike Matthias/Martina Shan</p>	<p>Unschuld Lo Pfister Harper Kirk Harper Lo Hsu Zhang ZHAO Meeüs Steinert Kaun/Siebert JIANG</p>
5 Health Promotion through Yoga Science – points for guidelines	<p>The science of yoga and guidelines for yoga</p> <p>Yoga in Psychosomatics Yoga Science for the man's health The art of balancing effort with release in yoga: a 'first-person' experiential approach Value of voza as a preventive measure in workplace scenarios Against the Flow: Modern Postural Yoga and the Mechanistic Body Image</p>	<p>Reinhard Monika Olena Mieke Laura Maria Beatrix</p>	<p>Bögle (Chair) Leye (discussant) Akhramieieva Matthysen Puerto Valencia Hauser</p>
6 Disease, from history to present	<p>Communication between Eastern and Western Medicine and Rewriting of Heart Disease History</p> <p>the history of ENT disease of TCM Understanding the Japanese experience of the Spanish Influenza (1918-1920): what was the flu and how would you have cured it? The Similarities and Differences on the Understanding of Disease between Huangdi's Canon of Medicine and Hippocrates' Works. Development of a pressure ulcer assessment tool based on Thai Traditional Medicine concept: an observational study How modern translations of traditional disease names distort their meanings: the example of <i>jiaoqi</i> Investigation on the Origin of "厥心痛" Diseases in Shanghai in 1870s according to the <i>Customs Gazette</i></p>	<p>Chen Liyun Juee Haifeng Somtanuek Hilary Wang Na</p>	<p>Xiao (Chair) Chen (Discussant) Kang Li Chotchoungchatchai Smith Erliang Yan</p>
7a Worms, Demons and Gods: Disorder and Health Within the Body	<p>Chair</p> <p>From hungry <i>piśāca</i> to protector of children. The myth of Ghaṇṭākārna and his worship in Bengal. Śiva's Fever Fantastic Buddhist Worms "I used to believe, but I was westernised by coming to India!": Diagnosis and treatment of spirit-caused illness in a contemporary Tibetan exile community</p>	<p>Elizabeth Fabrizio Gudrun Robert Susannah</p>	<p>Kenney Ferrari Bühnemann Kritzer Deane</p>
7b Worms, Demons and Gods: Disorder and Health Within the Body	<p>Worms and Body Gods in Early Daoism: Metaphors for Morality Corpse-Worms, Human-Spirits, and the Courtier Body in Kamakura Japan Weird Worms and Odd Gods: Two Japanese Medical Manuscripts "Chasing the Worms of the Five Viscera" from an undated Nichibunken manuscript" Anna Andreeva (Ruhr-Universität-Bochum/Heidelberg)</p>	<p>Chair: Robert Kritzer Shawn Andrew Elizabeth Anna</p>	<p>Arthur Macomber Kenney Andreeva</p>
8 Politically, Correct: Determining Scientific Truth and Legitimacy	<p>Line Over Matter: Body Mapping and Articulating Medical Theory</p> <p>What's Mao Got to Do With It? Dramatic Representations of Medicine in Cold War China When Pharmaceuticals Become Sacrosanct: Redefining Fauna in Japan's Modern Nation-Building The Terrestrial-Celestial Axis: Mapping Environmental Change and Purity Along the River Ganga Water, Environment and Medicine: Springs in Late Imperial Southwest China Creases on an Old Man's Finger: Tradition and Transformation in the Writings of Khyenrap Norbu Acupuncture in contemporary Taiwan: the loss of the skill</p>	<p>Lan Nicole Elizabeth Lisa Anthony fei William Pascale</p>	<p>Li (Chair) Barnes (Co-Chair) Yoshikawa Acciavatti huang McGrath Schmied</p>
9a Ways of Knowing and Styles of Practice in East Asian Medicines, 1000 to the Present	<p>Chair</p> <p>Problematics, conjunctures, styles: re-thinking the history of East Asian medicine over the longue durée "Suturing cuts and generating flesh": Manual and pharmacological approaches to wound treatment in China from the 7th to 19th centuries" When medical practice crosses borders: A Vietnamese perspective from the eighteenth century Styles of Knowing and Practice in Cold Damage: Disease, Body, Text and Agent in Korean Medicine</p>	<p>Kiebok Volker Yi-Li Leslie Kiebok Olaf Olaf Lena Mona Sabine</p>	<p>Yi Scheid Wu De Vries Yi Czaja Czaja Springer Schrempf Glatz</p>
9b Ways of Knowing and Styles of Practice in East Asian Medicines, 1000 to the Present	<p>Development and Standardization of Pharmacological Knowledge in Tibetan Medicine Materia Medica of Taibai Mountain: Surveys by Scientists, Daoists, and 'Unofficial Physicians' The Social Materiality of Drugs: Formulation Regimes, Therapeutic Networks and Styles of Practice in Transnational Tibetan Medicine</p> <p>Elucidating an emergent interface between Chinese medicine and systems biology: a multi-sited ethnography</p>		

10 Methods and Theory in the Anthropology of Healing in South Asia	Studying embodied marginality and its health effects: Dalit wellbeing in the Garhwal Himalayas Generating Theory in Ethnographies of Healing	Karin Anthony	Polit (chair) Cerulli
11a Methods and Theory in the Anthropology of Healing in South Asia: Potent Substances and Sowa Rigpa	The Potency of Preciousness: Gems as Potent Substances in Tibetan Pharmacopoeia Discussant: <i>nus pa bryad</i> - The eight potencies of Tibetan medicine Vivienne Lo (Discussant) Substitution practices in Tibetan medicine: a challenge to the modern notion of 'active substance' Garuda-5 (<i>khyung-nga</i>): The poison-medicine spectrum of Sowa Rigpa's renowned 'black aconite' formula Potent panaceas: Tracing the development from herbal-based medicine to iatrochemistry in Ayurveda	Barbara Vivienne Florian Herbert Jan Dagmar	Gerke (Chair) Lo Ploberger Schwabl van der Valk Wujastyk
11b Methods and Theory in the Anthropology of Healing in South Asia: Potency across Asia	Gold Ash: the therapeutic and political power of Burmese alchemical medicine Potency by name? Medicine Buddha Plant and other herbal <i>materia medica</i> in the Japanese "Scroll of Equine Medicine" (<i>Ba'i sōshi emaki</i> , 1267) Potency of the antimalarial drug qinghaosu (artemisinin)	Céline Katja Anthony	Coderey Triplett Butler
12 Circulations and hegemonies: The Globalization of Asian Medicines	Creating Herbal Paths on Bio-pharmaceutical Platforms: Pushing Asian Medicines into the Circulation of Global Pharmaceuticals From integration to reformulation? WHO, the Indian state and the alternative modernization of Ayurvedic remedies A very kind hegemony: Circulation of Chinese Medicine in a globalized world Biopharmaceutical industry in China and India: a new techno-national architecture of innovation? Complexities in Market Construction: Trading Ayurvedic Pharmaceuticals in Changing Regulatory Contexts <i>Worlding</i> Thai Traditional Medicine - Rethinking Power Relations in Medical Knowledge Production from within the Class Room	Wen-Hua Jean-Paul Simeng Kathryn Harilal Iris	Kuo (Chair) Gaudilliere (Co-Chair) WANG Ibata-Arens Madhavan Duzdek
13 Historical Encounters and Transformations of Medical Matters and Medical Meanings	Chair FROM FAMINE RELIEF TO MAGICAL MEDICINE: THE ASSIMILATION OF OPIUM POPPY IN CHINESE MEDICINE DURING SONG DYNASTY CHINA (960-1279) <i>Danggui</i> - from Pain Killer to Women's Essential The Court Pharmacy at Wolfenbüttel in 16th and 17th Century: Use and Origin of Selected Drugs Colonialism of Categories – Trajectories of Arsenic and Antimony between "modern" and "premodern" medicines in British India (1858 -1947) Mineral Drugs in Eastern and Western Medicine: A Comparative Perspective from the History of Pharmacy Yoshio Kogyu and the Dissemination of van Swieten's Clinical Praxis in late 18th Century Tokugawa Japan.	Michael Jose Antonio Jender Bettina Dominik Anette Bruno	Shi-Yun Liu Canton Alvarez LEE Wahrig Merdes Marquardt Christiaens
14 Quality of Practitioners and Prescriptions and the relevance to clinical studies	Value chains of Rhodiola species: Hong jing tian "The quest for better medicines – Quality assurance in the context of modernizing traditional medicines" DNA authentication of tulsi (<i>Ocimum tenuiflorum</i> L.) plants kept by diasporic South Asian communities in the UK The quality of herbal medicines across borders - The example of Taiwan's Danshen value chains	Anthony Michael Sukvinder Ka Yui	Booker (Chair) Heinrich Bhamra Kum
15 Considering Boundaries of Animal Medicine in East Asia within the context of Translation	Translation matters in history of Qing equine medicine Translating Animal Waste in Late Imperial Chinese Medicine Translating animal medicine into encyclopedias of daily use Deer Velvet in Taiwanese History: Knowledge, Trade, and Consumption, 1895-1995 In Search of Longevity: The Use of Turtle Shells in Medical and Commercial Cultures in Taiwan From 1950 to the Present Spinning silk into sutures: The decline of Japanese raw silk exports and the development of silk as a biomedical material in the twentieth century	Sare Sija Martina Lin-yi Chung-Hao Lisa	Aricanli (Chair) Cheng Siebert Tseng Kuo Onaga
16 Subaltern Therapeutics and Reasons of State	Things that Science Cannot Explain: Local Medicines in Southwestern China Risky business: Vernacular therapies and state regulation in India States of Measure: Chemical Quantification, Subaltern Materialities and the Chemopolitics of Empire in Late Victorian India "For Emergencies you need Western Medicine": Subaltern Surgeries and State Tibetan Medicine in China Contingent Efficacies: Therapeutic Multiculturalism and Tibetan Medicine in Southeastern Siberia Question and Answer Session	Judith Helen Projit Todd Tatiana	Farquhar (Chair) Lambert Mukharji Marek Chudakova
17a Visual Perspectives on Asian Medicines	Chair The Communication of Risk at Treatment and Education of <i>Kampō</i> (漢方): Sociology of Pharmacist at Modern Japan From Home to Hospital: Illness and Therapeutic Recourse in an Urbanizing Village of Nepal Role of Traditional Bone-Setters in Health Care Provisioning in India: A Case Study among the Meetei Bone-Setters in Manipur, Thoubal District Patients' Bodies in Acupuncture. Doctor-Patient Relationships in Visual Anthropology Chair / Discussant	Lucia Tetsuro Barmed ASEM TOMBA Lucia Candelise, Gilles Remillet, Matthias Sohr (co-authors) Gilles	Candelise Tanojiri Subedi MEETEI Lucia Candelise, Gilles Remillet, Matthias Sohr (co-authors) Remillet
17b The Institutionalization of Asian Medicines in Europe: Practitioners' Trajectories in Context	Co-chair: How the barefoot doctor came to the West: The practitioners without a voice and the trajectory of ideology Chinese medicine practitioners in Switzerland: what is at stake with the federal diploma? Institutionalization of Acupuncture and Other Chinese Medical Practices in Switzerland "Between therapy and wellbeing: the development of Ayurveda in Switzerland" Chinese Medicine-commercial & scientific interests versus survival of traditional practice The Challenge of Education of traditional Korean Medicine: The Settlement of Evaluation and Accreditation System	Mark Sascha Pascale Aline Nina Yeonseok	Langweiler Klotzbücher Schmied Lucia Candelise, Gilles Remillet, Matthias Sohr (co-authors) Sigrist Zhao-Seiler Kang
18 Institutional Encounters: Post-colonial Predicaments for Traditional Asian Medicine	Orientalizing the Body: The Making of the Functional Body of Chinese Medicine Discussant: Subaltern Standardization: A case from the process of institutionalizing Zhuang medicine in China Encounters with <i>Du</i> (toxic effect): Markets, Institutions, and TCM Practices	Eric I. Judith Farquhar Lili Yanhua	Karchmer (Chair) Lai Zhang
19a Drugs: Trade, Transmission, Translation, and Authority	Chair Border-Crossing and Medicine: The Curious History of Saffron in Japan "Gathering Medicine in the Mountains": Networks of Commerce and Expertise for the Collection and Distribution of Herbal Drugs in Early Modern Japan Eating Exotica: Consumption in Qing Pharmacy and Dietetic Literature	Lena Susan Daniel He	Springer Burns Trambaio Bian
19b Classification, Procurement, and Preparation: Traditional Materia Medica in the Contemporary world	Chair Properties in Chinese Drug Transformation, or Mistaking Matter for Dead Material Tibetan pharmacodynamics and compounded humoral pathologies Evidence and Authority in the Marketing and Use of a Chinese Herb: Danggui (<i>Radix Angelicae sinensis</i>). Fresh qinghao juice – what's in the freshness?	Yun-Ju He Lena Katharina Bridie Elisabeth Natalie	Chen Bian Springer Sabernig Andrews Hsu Köhle
19c Drugs and the Body: Evacuation, Transformation, and Purification	Chair <i>The charts depicting the circulation of the qi and their use during the Tokugawa period</i> Evacuant Matters: The Materiality of Milk, Menses, and Medicines in Eighteenth-Century Europe Fluid Bodies: Leeches in Classical Ayurvedic Medical Compendia and Practice	Mathias Ruben Lisa Liu	Vigouroux Verwaal Brooks Yan
19d Fluids and the Body: Containment, Emission, and Flow	Chair It's Okay to Cry:Zhu Xi on Sorrow and Tears What is " <i>vimāna</i> " in the <i>Compendium of Caraka</i> ? How the Medical Category of 'Brown Phlegm' Came to Tibet?	Leah Dominik Henk	Zuo Wujastyk Blezer

19 Panels Discussion Session	Fire, Pores, and Phlegm: Changing Conceptions of Matter in Song China Chair	Natalie Shigehisa	Köhle Kuriyama
20 Jesuit colonial medicine in South America: a multidisciplinary and comparative approach	Jesuit medicine in colonial South America The encounter of Jesuit medicine and traditional indigenous medicine in South America in the 17th and 18th century. Interaction or conflict? Rediscovered manuscripts about colonial medicine in the La Plata-Region Maquimaukotos - Medicine for the body - medicine for the soul Linguistic Contributions on Research about Colonial Medicine	Franz Sabine Franz Sieglinde Leonardo	Obermeier (Chair) Lenke-von Heidenfeld Obermeier (Chair) Falkinger Cerno
21 Medicine of Becoming: Translation between Knowing and Being in East Asian Medicine	Becoming a Practitioner Imbued with Virtuosity in East Asian Medicine: An Anthropological Study on Currents of Tradition (學派) in Korean Medicine in Contemporary South Korea Genre for the "Medicine of becoming"-the "Yi'an(醫案)" Becoming a Practitioner of Sasang Constitutional Medicine in South Korea Patient-Centered Pulse Diagnosis and Disease Concepts of a <i>Donguibogam</i> (Treasured Mirror of Eastern Medicine) School in Contemporary South Korea Confucianism and Healing in Korea 1910-1945	Taewoo Minseok Hyunkoo Taehyung James	Kim (Chair) Ku Kim Lee Flowers
22 Health Promotion through Ayurveda	Chair: Non healing venous ulcer management with science based evidence based Ayurveda. Effective use of ayurveda therapy in management of psoriasis. Exploring the Institutionalization of Ayurveda through students' experiences Sowa Rigpa Responses to the 2015 Earthquakes in Nepal Mobile Medicine: Sowa Rigpa on the Trail in Mustang and Dolpo Influence of Buddhism in the Development of Asian Healing Traditions w.s.r. to Ayurveda	Narendra Karpe Aditya Alzbeta Tenjing Lhundrup Gyatso AKHILESH KUMAR	Bhatt Prathamesh barve Wolfova Bista Bista SINGH
23 Encounters. Receptions. Transformations of Asian	Encounters of complementary medical traditions in a modern Asian multi-ethnic society Predicaments for Traditional Chinese Medicine in the UK (a case analysis) Either Images or Texts: A Comparative Study on "strange pulses" in TCM translation in early modern Europe The Influence of Traditional Chinese Medicine on the Perception and Treatment of Cancer Among Chinese Population in the U.S. It's about time for Organic Medicine Common ways, different goals: situated East-Asian and scientific conceptualizations of mindfulness meditation Different approaches to religion in the Compendium of Caraka - A critical examination	Constantin Xuanyuan Chun-Ping Hong Omboon Zsofia Katrin	Canavas (Chair) Yan YEN Li Vallisuta Samodai Killinger
24 Policy, Economics, Global Health, Development	Chair: Drink and smoke; drink or smoke? - The interdependence between alcohol and cigarette consumption for men in China Improving Nutritional Vulnerability of Adolescent Girls through Effective Health Management Negotiating success in Ayurvedic clinical practice and research: the case of the Foundation for the Revitalization of Local Health Traditions (FRLHT) The Divine Science of Detoxification: Nature Cure (Prakriti Chikitsa) therapy as ethical counterpoint to ecological decay in post-Development The Communication of Risk at Treatment and Education of <i>Kampô</i> (漢方): Sociology of Pharmacist at Modern Japan Absent China: New Economy, Ethic and Social Issue of Cross-Border Reproductive Care	Bente Bente Kapil Maerten Victoria Tetsuro Chia-Ting	Castro Campos Castro Campos Jain Bode Sheldon Tanojiri Sun
25 Translation of Asian medicine into English and other languages	Chair LOST, AND FOUND IN TRANSLATION: NOTES ON THE ORIGIN NARRATIVE OF THE HEBREW BOOK OF ASAF REFLECTIONS ON THE TERMINOLOGY OF CHINESE MEDICINE IN SPANISH LANGUAGE Challenges in Translating Medical Epistemologies of Toxicity and Safety in Tibetan Medical Texts and Ethnographic Encounters Teaching Tibetan medicine in Germany – 25 Years Experience	Ronit Ronit Maria Antonia Barbara Sonja	Yoeli-Tlalim Yoeli-Tlalim SOLA-RODRIGUEZ Gerke Maric
26 Chinese, Manchu and Tibetan Medical History	Chair Keynote: A "South" imagined and lived: The pre-modern entanglement of medical things, experts, and identities in East Asia's South Practical Guides for Psychotherapy and Self-Cultivation in China, 1880-1920 Smallpox Against Itself: Exploring The Origin Of Inoculation In Tibet Translated Materiality: Writing History of Pharmaceutics in Republican China Tibetan tantric healing of life-wind illness in facing biomodernity Chinese Medicine as Hermeneutic Knowledge? On the Role of Classical Works such as Huangdi neijing suwen 黃帝內經素問 (Yellow Emperor's Inner Class: Basic Questions) in Chinese Medicine Deities and The Sick body: The Disease and Treatment in the Manchu Ulabun	Hsiu-Fen Angela K.C. Hsiu-Fen Lobsang Hao Tony Ka Ying Shih-Hsun	CHEN Leung CHEN Yongdan Chen Chui Tsang Liu
27 Japanese and Korean Medical History	Chair Receptions and Transformations of Chinese medicine in Japanese medical contexts in the Edo era, Japan Ôgai Mori(1862-1922)'s conversion from modern hygienic to Kanpô, Japanese traditional medicine in his last years Changing the names of era due to plagues and actual medical treatments in the medieval Japan The Euibangyoochi (醫方類聚) and its Influence on Korean Medical Education A Study on the Clinical Cases Records by Cheonggang Kim Yeong-hun(晴崗 金永勳) Focusing on Prescription Names of Cold(感冒) The study on the Euibangyoochi's (醫方類聚) All Deficiency section (諸虛門) Gate of Cold Damage (傷寒門) in 『"Eui-Bang-Yoo-Chui"』 (醫方類聚) Preface of Compendium of People-Saving Prescriptions Made with Native Korean Herbs	Marta Takanori Iori Naoko Nam Il Dong-Ryul JiHun JungWuk Jaehyun Kim	Hanson Matsuoka TADA Shimayama Kim Kim Jung Byun Yeonseok Kang
28 Chinese Medicine, Emotion, and Disease in Past and Present	Chair Huangdi asks, "What is shen 神?" – An examination of contemporary practice of TCM. Poetic Aging. Medical and Non-medical Strategies from premodern China Understanding the relationship of mind and body in East Asian medicine Ritual specialists and aetiology: divining the cause of illness among the Naxi people in Yunnan (P.R.C.) The Sad Sex: Pathologization of Female Desires and Emotions in the 7th Century China	TJ Andrew Gudula Yeseul Cristiana Dawei	Hinrichs Koh Linck Lee Turini Pan
29 Planetary Health Ocean Health and Marine Medicine: Survey for Marine Substances	Chair 1. Introductory talk about the engagement of Future Ocean and KMS under this topic (R. Schneider, Kiel Marine Science, CAU) 2. Disturbing bacterial small talk: Novel strategies for biofilm inhibition (Ruth Schmitz-Streit, Microbiology, Kiel University) 3. Lessons from genomics and transcriptomics of marine fungi (Frank Kempken, Botanical Genetics and Molecular Biology, Kiel University) 4. Marine metagenomes a potent source for novel transferases and hydrolases needed for the production of proactive molecules (Wolfgang Streit, Microbiology and Biotechnology, Hamburg University) 5. Title tbd (Deniz Tasdemir, GEOMAR Biotech) 6. Title tbd (Jutta Wiese, Marine Microbiology, GEOMAR) Open Podium discussion, proposed participants (45-60 min in total): Participants: Session speakers, and furthers Guests from Kiel Marine Sciences and Kiel Life Sciences, e.g. Thomas Bosch, Evolutionary biology, Prof. Maser, Toxicology, Konrad Ott, Environmental Ethics etc. Planetary habitability near and far	Ralph Ralph Ruth Frank Wolfgang Deniz Jutta Thomas Edmund Konrad Wolfgang J.	Schneider Schneider Schmitz-Streit Kempken Streit Tasdemir Wiese Bosch Maser Ott Duschl
Panel 30 Western countries adopt Qigong as a sub discipline of Traditional Chinese Medicine		Johann Bölts	Wlfrid Belschner

Poster Q&A Sessions August 8, 9, 10: The posters can be viewed in the Audimax, 3rd floor, during the whole congress

Effects of Davallia formosana Hayata extracts on the proliferation and differentiation of osteoblastic MC3T3-E1 cells	Jia Feng	Wu
Absent China: New Economy, Ethic and Social Issue of Cross-Border Reproductive Care	Chia-Ting	SUN
Protective effects of corn silk in male C57 mice	Mohammad	Karami
Predictive Factors of Prognosis in Acute Stroke Patients Receiving Traditional Chinese Medicine Therapy: A Retrospective Study	Shaoyi	Lu
Traditional way of curing constipation and piles by herbal medicines in Jiribam sub division of Manipur, India	Khomdram	Devi
ANTI-HYPERGLYCEMIC EFFECT OF COMBINED <i>EUPHORBIA THYMIFOLIA</i> L. AND OTHER HERBS IN MOUSE MODEL	Hien	Nguyen
MENTAL STATUS OF ELDERLY MEN AND WOMEN POPULATION OF JODHPUR, INDIA	Aarti	Raizada
Room of Information Technology - A challenge for elderly	Neha	Mathur
Problems faced by attendants of elderly patients	Meha	Mathur
the history of ENT disease of TCM	Liyun	Chen (Discussant)
Diseases in Shanghai in 1870s according to the <i>Customs Gazette</i>	Na	Yan
Investigation on the Origin of “厥心痛”	Wang	Erliang

Clinical Modules

Clinical Module 1 Ayurveda as a blueprint – what happens when healing tradition travels abroad

Chair	Shivenarain N	Gupta
Comparative effectiveness of Ayurveda and conventional care in knee osteoarthritis - a randomized controlled trial(Christian S. Kessler, Kartar Dhiman, Abhimanyu Kumar,Thomas Ostermann, Shivenarain Gupta, Antonio Morandi, Martin Mittwede, Elmar Stapelfeldt, Michaela Spoo, Katja Icke, Andreas Michalsen, Claudia Witt)	Elmar	Stapelfeldt (in Vertretung fü
Ayurveda in the Context of Western traditional Medicine	Martin	Mittwede
Codification of traditional knowledge: What are the challenges for policymaking in India?	DEEPA	V K
West meets East Differences in general attitudes between European and Indian Ayurveda-patients	Shivenarain N	Gupta
Interdisciplinary Ayurveda research: Hungarian experience	Asmita	Wele

Clinical Module 2 Elderly: the challenge for surveillance through transformation

The Beauty and ugliness of Elderly	Meenakshi	Mathur (Chair)
Mini Nutritional Assessment and Health status among elderly rural population of Jodhpur, a desert district of Rajasthan, and their association with dietary intakes.	Madhu B.	Singh (discussant)
SPRITUALITY AND ELDER PEOPLE IN INDIA	Jyoti	Meena
UNHEALTHY TO HEALTHY LIFE STYLE THROUGH NUTRITIONAL AND LIFESTYLE MANAGEMENT EDUCATIONAL INTERVENTION	Arti	Soni
Nutritional intervention for elderly population	Sumita	Mathur
Ageing in China: a Brief Report and Discussion in Geriatric Health Care (Video Presentation)	Jing	Liu
Mutual support for elderly persons as community care in empty nest villages: A case study of "Liu Lao Hui" in East Zhejiang, China	Ruolin	Cui
A Study on the Problem of Aging of Chinese Scientists: with a Case Study on Retired Scientists in a University in Anhui Province in China	Zhihui Zhang	Zheyi Chen
Problems faced by attendants of elderly patients	Meha	Mathur
Boom of Information Technology - A challenge for elderly	Neha	Mathur
MENTAL STATUS OF ELDERLY MEN AND WOMEN POPULATION OF JODHPUR, INDIA	Aarti	Raizada

Clinical Module 3 Treating NCD's: Science-Policy Interface for Transformation of Asian Medicine: An insight into Ayurveda Combating Lifestyle diseases for Promotion of Global Health

Holistic Health through Ethno-medical wisdom and Medicinal Plant diversity: Geography, Medical Tourism	Nitu	Goswami (Chair)
Vis a Vis Economic Opportunity by First Author: Nitu*, Rekha Kumari* and Second Author: Narayn Swamiji **		
Discussant:	Rekha	Kumari
Revealing and authenticating the Ayurvedic drug(s) viz pharmacogenomics	R.B.	Singh
Holistic approach of ayurveda as a means to treat diabetes	Monjoy	Choudhury (co-chair)
Policy intervention for prevention of geriatric disease and promotion of health through POTENTIAL RASAYANA TANTRA	Natasha	Yadav
The Convergence of Conventional, Complementary and Alternative Healing Systems: Integrated Model of Healing	Abdul	Khader
	AKHILESH	SINGH (Discussant)

Clinical Module 4 From ethnopharmacology to biodiscovery

Dual Anthelmintic Activity of the Bhutanese medicinal plants	Phurpa	Wangchuk (Chair)
Traditional Asian herbal formulas in the European context: from medical tradition to modern preparations	Cecile	Vennos (co-chair)
Scientific evaluation of selected ethnopharmacologically important medicinal plants of India	MALA	AGARWAL
Induction of selective cytotoxicity and apoptosis in D24 human melanoma cells by the crude methanolic extract of <i>Clinacanthus nutans</i> leaves	Siat Yee	Fong
The processing of Chinese herbs by rule/law : The co-production of practice, knowledge and regulation in the processing of Chinese herbs in Taiwan.	Po-Hsun	Chen
ANTI-HYPERGLYCEMIC EFFECT OF COMBINED <i>EUPHORBIA THYMIFOLIA</i> L. AND OTHER HERBS IN MOUSE MODEL	Hien	Nguyen

Clinical Module 5 Research on Noncommunicable Diseases

Keynote within Panel:

Chair	Yanhua	Zhang
From TAM to evidenced-based medicine to treat diabetes related disorders	Edmund	Maser
APPLIED USES OF RISHYAGANDHA FRUIT (WITHANIA COAGULANS DUAL) IN PANCHAKRMA AS WELL AS IN ORAL MEDICINE TO TREAT TYPE 2 DIABETES	Sachin	Patil
Diabetic Treatment at Suraphan Clinic of Thai Traditional Medicine	Dr. Thadchawan	Sirithamwanich
Leaves and aerial roots of Heritiera fomes can be a promising source of folk medicine against diabetes	Sukalyan	Kundu
Chair	Michael	Stanley-Baker
AYURVEDA AND LIFE STYLE DISORDERS	Sameer	Joshi
Novel method of extraction of highly bioavailable gallate catechins from fresh green tea leaves		S. Prem Mathi Maran
Tuberculosis and Indian Tribal Groups: Traditional Beliefs and its herbal remedies	Muhammad Nasir	Ahmad
Traditional medicinal plants and its therapeutic uses in Northeast India: constraint and potential	Gopal Kumar Niroula	Chhetry
Protective effects of corn silk in male C57 mice	Mohammad	Karami
Predictive Factors of Prognosis in Acute Stroke Patients Receiving Traditional Chinese Medicine Therapy: A Retrospective Study	Shaoyi	Lu
Traditional way of curing constipation and piles by herbal medicines in Jiribam sub division of Manipur, India	Khomdram	Devi

Clinical Module 6 The advanced practices of traditional Chinese medicine in Taiwan

THE ADVANTAGES OF LASER ACUPUNCTURE IN OBESITY THERAPY	Wen-Long	Hu (Chair)
Traditional Chinese Medicine for Children in Taiwan	Hung-Rong	Yen (Co-Chair)
The Vietnamese traditional medicine from a Western perspective	Domenico	Delfino (Co-Chair)
Anti-oxidative effects of <i>Salvia miltiorrhiza</i> Bunge in cancer	Yu-Chiang	Hung
Traditional Chinese Medicine for Patients with Stroke in Taiwan	Mao-Feng	Sun
Distal acupoints and Oral Low Level Laser therapy (LLLLT) adjunct to conventional therapy in patients with chronic periodontitis	Sheng-Feng	Hsu
Acupuncture for Disorders of Consciousness	Wen-Long	Hu

Clinical Module 7 Tongue Diagnosis: Lecture

Tongue Diagnosis: From historical records to important future prospects	Rong	Liang
---	------	-------

Clinical Module 8 Pain in old age – Drugs, care, touch

Chair	Jens	Foell
Discussant:	Judith	Farquhar
Pain in the frail elderly: pharmacological and non-pharmacological approaches	Jens Foell	Aglaia Dar
The Therapeutic role of acupuncture in the frail and end of life	Carolyn	Rubens
How to Select Acupuncture Point for Pain Control, Based on Huangdineijing Lingshu	Jichung	Song

Clinical Module 9 Mental Health / Neurology / Parkinson: Treating Parkinson, Treating Emotion Related Disorder

Chair	Angelika	Messner
Discussant:	Yanhua	Zhang
Practical study on the effectiveness of acupuncture via stimulation of dopamine and dopamine agonists for the enhancement of activities of Parkinson patients in daily life	Dorothea	Zeise-Süss
Combined Therapies in Movement and Mental Disorders - from lesioning to medication to surgical stimulation	H. Maximilian	Mehdorn

ACUPUNCTURE TREATMENT OF ANXIETY A practitioner clinical experience
 Trauma in Chinese Medicine and Neuroscience: Analogies and practical experiences
 Bringing acupuncture into laboratories: A case study on neurochemical research of acupuncture anesthesia
 Is Spiritual attitude associated with Mental Health?
 Documentation
